## Q5 Is there a service you would like to see expanded or offered by the Township?

Answered: 174 Skipped: 78

#	RESPONSES	DATE
1	I think it was a bit shortsighted not to consider including the swimming pool in the overall Community Centre project. I know a lot of people have for years commented "if you or your kids are not involved in hockey then Lucan doesn't have much to offer". I know that's not true and there are programs run throughout the year but a covered pool that could offer swimming lessons for all ages, aquafit for the older crowd , fitness lanes for swimming, water polo, etc. would add so many more opportunities for our citizens and they wouldn't have to drive to London to take part in something that fits their interest.	9/13/2022 2:58 PM

28	The arena needed another ice pad. I would have loved to have a pool ( heated) included in the expansion.	8/7/2022 10:57 AM
29	Well what is going on with the arena. There's been zero progress abs hockey is starting. I highly doubt it'll be done by mid season, so what another season ruined? The town deserves to know what's going on.	8/7/2022 10:44 AM

37	There should be more commitment to parks and recreation in Lucan. Specifically, while the arena land is being used for housing, there should be plans to create a very large nature area with trails.	8/5/2022 8:42 AM

50	Faster water service at water tower for tanker fill up.	8/2/2022 12:21 PM
51	Large item clean up ....using try recycling for spring clean up is not all that helpful especially for those who do not have trucks. Previous practice of having large items dropped off at municipal site much easier for residents of the municipality.	8/2/2022 9:32 AM
52	More walking Trails, Additional crosswalks with lights (william and main st intersection), More activities and recreational options that are not focused around the arena and ice sports	8/2/2022 9:17 AM

68	Yard waste pick up. Fall leaf pick up. No triple lump of ice and snow left at the end of my drive: one massive one from the street snow plow, and then two smaller ones left by the sidewalk plow. 74	No, all the necessities have been covered. If anything just a well thought out expansion plan that does not put a large load of debt on the town or its future residents. Also improve the services that are in place such as child care if Lucan is going to become a bedroom community to London it will mean a lot of young families will be moving in. You will also need activity spaces for the families.	8/1/2022 12:14 PM

78	I'd like to see large item pick up return.	8/1/2022 11:17 AM
79	Yearly large item pick up. Access to TRY is great but you have to be able to lift it, load it, have truck or trailer, and time on your designated day or hours! Sadly too much is landing in the ditches around us!	8/1/2022 11:11 AM
80	Planning	8/1/2022 11:08 AM
81	Back roads are a mess. Ditches are so deep the snow plow can't wing the snow back. If they do people end up in the ditch stuck. Without winging the snow back it fills the roads in faster. Scrup brush along the back roads act like snow fences and fill the roads in with snow. More attention to the main roads where 90% or the rural population lives would be a start.	8/1/2022 11:06 AM
82	I am fully in favour of expanding the arena, however it would have been nice to have the thinking go beyond hockey. Having a full recreational facility including a walking track would	8/1/2022 11:00 AM

98	Large Item Collection Day More Involvement in Developers Plans in particular final grading and ground water in new builds	8/1/2022 9:28 AM
99	It would be nice if the township could plant some trees at the dog park. There are supposed to be 2 shade covers, one on each side, but the one in the large area isn't there. It's very hot! Evening adult-only swim hours at the pool once a week would be nice. Or even any evening hours!	8/1/2022 9:22 AM

112	Large item garbage and yard brush pick up. It just isn't feasible for many to haul their stuff to a drop off location. Even if it's a paid for service, where we sign up, pay a fee and have someone come to our house to take it. Fibre Optic internet to established neighborhoods, many are still working from home, also now have more family members living at home, good internet would be hugely helpful.	8/1/2022 8:13 AM
113	All planning, development either through building department or economic development. There must be more transparency. There are far too many closed door, or decisions made without transparent processes, time and availability for the public to gain knowledge and have an opportunity to know and / or speak. 167	Personally , i feel too much \$ went into the arena. Lucan is sooo about hockey. Lately ive been finding our local parks(we visit daily as i have a toddler) , have been flooded with teenagers smoking on the swings, using profanity around wee ones. One afternoon last week i picked up 6..SIX beer cans! From the splash pad. Just gross. Ive noticed a huge influx in teens which is great and all, but do you want to know what this town lacks? A youth centre! Im in my 30.s now but as a teen i lived in wingham for a bit. They had a youth centre targeted for teens/ preteens. It was a local spot they all hung out and it kept them off the streets. It had hooks, small arcades, tv s , couches for gathering etc. It really worked and help stop the petty crimes and drinking in the parks. This is just a suggestion. Lucan is only growing and its soooo family oriented which is great but i have been noticing alot more mischief lately with the teeny hopper groups.	7/29/2022 10:45 AM

170	Continued development of green spaces and trails, maintenance of older sidewalks to be on par with newly developed areas of town,	7/29/2022 10:37 AM
171	The uptown Lucan to have amenities. Maybe a few outdoor activities that doesn't benefit the BiddulphLucan township employees or council members	7/29/2022 10:32 AM

## Q8 Which one issue or project would you like to see addressed or included in the 2023 budget?

1	I would like to see the pool issue mentioned above addressed. I would also like to see a decision on the Skate Park. It has been hinted and then confirmed by one of your staff that the recommendation for the relocation of the Skate Park be Elm Street Park. I don't know if Lucan staff have ever been near a skate park and listened to skate boards bouncing off cement, the wheels grinding on rails and the noise that the kids using the park make. ( of course they should be allowed to make noise, it's fun) but to locate that noise in a residential neighbourhood that already has the splash pad, children's baseball throughout the summer and a basketball court and playground equipment is not spreading the fun (see noise) around equally to all the neighbourhoods. I have noticed Spencer street has a large green space and I would not wish a skate park on them , although a playground for their children is hopefully planned. I have heard they are getting the tennis courts in there. I'm not sure their young ones will appreciate the game until they are older. The other thing that is quite noticeable is the complete lack of green space in the Campanale area subdivision. I have heard the kids there play at the elementary school, but I thought that that was not allowed by the school board due to liability. Perhaps the next wholesale assault to build a new development will include some thought about family life for the people that will purchase homes there.	9/13/2022 2:58 PM

30	Tennis courts, basketball courts... beach ball volleyball.	8/7/2022 10:57 AM
31	The arena, how much has been spent. How many mess ups has there been... we know about the beams when they built the ymca portion. What's taking so long and when will it be done. Also let's have some discussion on what happened with bacon fest, the party thrown in cathy's backyard the year before that no one in the town (minus her friends) knew about. Something fishy is lurking on council.	8/7/2022 10:44 AM
32	Urban sprawl. We need to limit developers expansion into farmland. Force them to include bikepaths, sidewalks, stop lights, affordable housing. If they want our land, make them pay. Build up not out. Urban sprawl is terrible for small communities.	8/6/2022 10:24 PM
33	Tax money needs to be spent in Granton instead of always taking our tax dollars to Lucan. Also give us back our Village name Granton. We don't like to be considered Lucan-Biddulph	8/6/2022 3:38 PM

36	Better internet infrastructure	8/5/2022 11:30 PM
37	Walking trail completed	8/5/2022 9:15 PM
38	You can explore alternative measures as opposed to either cutting services or increasing taxes... yes costs have gone up but incomes have remained the same... exploring alternatives is crucial - Also - why are their not reports on the amount of solar energy being generated by the arena roof? Even if it's a loss it's green energy, and this is crucial to developing trust and building greenbrier communities... Also it is a dead horse but why wasn't a round a bout constructed at the entrance of Lucan instead of traffics lights that will require 10,000 of thousands of dollars in annual maintenance and annual repairs - when round about - no electricity required? Mmmm... Also with all the new homes built in Lucan over the past 5 years revenues from taxes should have increased significantly - Developers paid most of the fees and the taxes are additional income residents pay for garbage collect separately on their bill... Fire department is volunteer... OPP - are they even relevant anymore? If there is a homicide call the RCMP	8/5/2022 2:24 PM
39	There could be a planning committee and budget for Baconfest. It attracts many people to the area. The municipality should invest in commercial land to build and rent a small strip mall (4 stores). It would be sold privately at a later date. There should a be a public safety officer to monitor potential road hazards. (i.e., unmarked road/pathway obstructions, outdated storm grates on Main Street, hazardous chain barriers at the Community Centre, no lighted cross walk at Main/William). Purchase land for parks (trails, skiing, hiking, etc.), for the arena is not enough space for this growing community.	8/5/2022 8:42 AM
40	Signs for crosswalks, and explanations clearly stating the rules for cars and pedestrians	8/4/2022 6:07 PM
41	Green space incorporated into the future planning within walking distance of the Main Street where residents can walk among trees. Benches along the Main Street.	8/4/2022 4:16 PM

42	Expand the city (shopping, food, etc)	8/4/2022 3:46 PM
43	Finish tearing up Saintsbury. Sidewalks along one side Saintsbury, would be great, there are a lot of people who utilize that road that it would benefit. Specifically sidewalks on Saintsbury from Gilmour Drive to Main Street.	8/4/2022 2:02 PM
