PURPOSE AND EFFECT
BY-LAW NO. 100-2003
TOWNSHIP OF LUCAN BIDDULPH
Comprehensive Zoning By-law

By-law No. 100-2003 of the Township of Lucan Biddulph is a comprehensive zoning by-law passed by Council on October 7, 2003 pursuant to Section 34 of the Planning Act, R.S.O., 1990. It replaces both By-law No. 13-79, as amended, being the Zoning By-law of the former Village of Lucan and By-law No. 100-97, as amended, being the Zoning By-law of the former Township of Biddulph.

The By-law regulates the use of land, and the character, location and use of buildings and structures throughout the Township. The By-law, however, does not exempt persons from having to comply with the requirements of the Ontario Building Code, any other by-law of the Township, or from obtaining any necessary or required licenses, permits or approvals from any other authority or public agency having jurisdiction in the Township.

The By-law divides the Township into a number of specific land use zones. For each zone, the permitted uses and the regulations governing these uses (namely, the siting and size of buildings and structures) are specified. If a use is not specifically permitted by the By-law, it is deemed to be prohibited with the exception of certain public uses. If the existing use of a property is not listed as a permitted use and does not qualify as a public use, then the use is non-conforming and, depending upon when it was established, may be a legal or illegal use. Expansions to enlarge or extend legal non-conforming uses require the approval of the Township Council or its Committee of Adjustment.

The zone maps or schedules which form part of the By-law identify individual properties and the zoning which applies to them. Regulations which apply to more than one land use zone or throughout the Township regardless of how lands are zoned are contained in a separate section, entitled General Regulations.

Amendments may be made at any time to the Zoning By-law. Depending on the nature of the proposed amendment, surrounding property owners or residents of the Township as-a-whole will be notified and given an opportunity to express their support of, or opposition to, the proposed amendment. All amendments to the By-law must be in conformity with the Official Plan of the Township of Lucan Biddulph which sets out, in general terms, the desired type, pattern and intensity of development in the municipality; and the Official Plan of the County of Middlesex as stipulated by the Planning Act.

1. INTERPRETATION & ADMINISTRATION

1.1 TITLE

This By-law shall be known as the “Township of Lucan Biddulph Zoning By-law”.

1.2 LANDS AFFECTED

The provisions of this By-law shall apply to all land within the corporate limits of the Township of Lucan Biddulph as now or hereafter legally constituted.

1.3 SCOPE

No land shall be used, no lot shall be altered, and no buildings or structures shall be erected, altered, or used within the Municipality except in conformity with this By-law.

1.4 INTERPRETATION

Unless specified otherwise, the following shall apply throughout the text of this By-law:

- a) The particular shall supersede the general. Where a term or phrase is defined in general terms in this By-law, it shall not be construed to mean any other term or phrase which is more specifically defined herein unless it is specifically stated otherwise;
- b) If a use is not listed as a permitted use, it is deemed to be prohibited with the exception of certain public uses as stipulated in Section 4 of this By-law;
- c) The word “shall” is to be construed as mandatory and not discretionary;
- d) Unless the contrary intention specifically appears otherwise, words imparting the singular number or the masculine gender only shall include more persons, parties, or things of the same kind than one, and females as well as males, and the converse;
- e) A “building” or “structure” shall include any part or portion thereof;
- f) Any Act or Regulation of the Province referred to herein shall include any amendments or revisions made thereto or any subsequent Act or Regulation enacted in place thereof.

1.5 LICENCES AND PERMITS

No municipal permit, certificate, or license shall be issued where the said permit is required for a proposed use of land or a proposed erection, alteration, enlargement or use of any building or structure that is in violation of this By-law.

1.6 VIOLATIONS AND PENALTIES

Every person, other than a corporation, who contravenes this By-law is guilty of an offence, and on conviction is liable on a first conviction to a fine of not more than \$20,000; and on a subsequent conviction to a fine of not more than \$10,000 for each day or part thereof upon which the contravention has continued after the day on which the person was convicted.

Every corporation who contravenes this By-law is guilty of an offense and on conviction is liable on a first conviction, to a fine of not more than \$50,000; and, on a subsequent conviction, a fine of not more than \$25,000 for each day or part thereof upon which the contravention has continued after the day on which the corporation was first convicted, as prescribed by the Planning Act.

1.7 REMEDIES

Where any building or structure is or is proposed to be erected, altered, reconstructed, extended or enlarged, or any building or structure is, or is proposed to be used, in contravention of this By-law, the same may be restrained by an action of any person or of the Municipality under the Planning Act, the Municipal Act, or the Courts of Justice Act.

Where a person or corporation is in default of the provisions of this By-law and has been notified or directed by the Municipality to remedy this default and fails to do that matter or thing required, such matter or thing shall be done at the person or corporation's expense. Where a person or corporation has refused or neglected to reimburse the Municipality for the cost of such work, thing or matter done, the same may be recovered by the Municipality in like manner as taxes.

1.8 REPEAL OF EXISTING BY-LAWS

All previous by-laws past under Section 34 of the Planning Act R.S.O., 1990 or a predecessor thereof by the former Township of Biddulph and by the former Village of Lucan shall be deemed to have been repealed save and except to the extent that they affect any minor variances duly granted to these by-laws pursuant to Section 45 of the Planning Act R.S.O., 1990 or a predecessor thereof.

1.9 APPLICATION OF OTHER LEGISLATION

Nothing in this By-law shall serve to relieve any person from the obligation to comply with the requirements of the Ontario Building Code or any other by-law of the Municipality in force from time to time or the obligation to obtain any license, permit, authority or approval required by the Municipality or any other public authority or body.

1.10 VALIDITY

ZONE BOUNDARY

FILL REGULATED AREAS (Schedule "A"):

Approximate extent of lands subject to the fill regulations of either the Ausable Bayfield Conservation Authority or the Upper Thames River Conservation Authority. Applications for building permits in these areas will be referred to the respective Authority for review and comment and any necessary permits prior to the issuance of a building permit.

FLOOD REGULATED AREAS (Schedule "B"):

Approximate extent of lands subject to flooding along the Benn Drain and the Whitfield Drain in and adjacent to the former Village of Lucan as determined by the Ausable Bayfield Conservation Authority. Lands are further divided into the 'Floodway' and the 'Flood Fringe'. Within the 'Floodway', buildings and structures are generally prohibited, while within the 'Flood Fringe' buildings and structures are generally permitted subject to floodproofing being undertaken acceptable to the Conservation Authority. Applications for building permits in these areas will be referred to the Authority for its review and comments and any necessary permits prior to the issuance of any building permit.

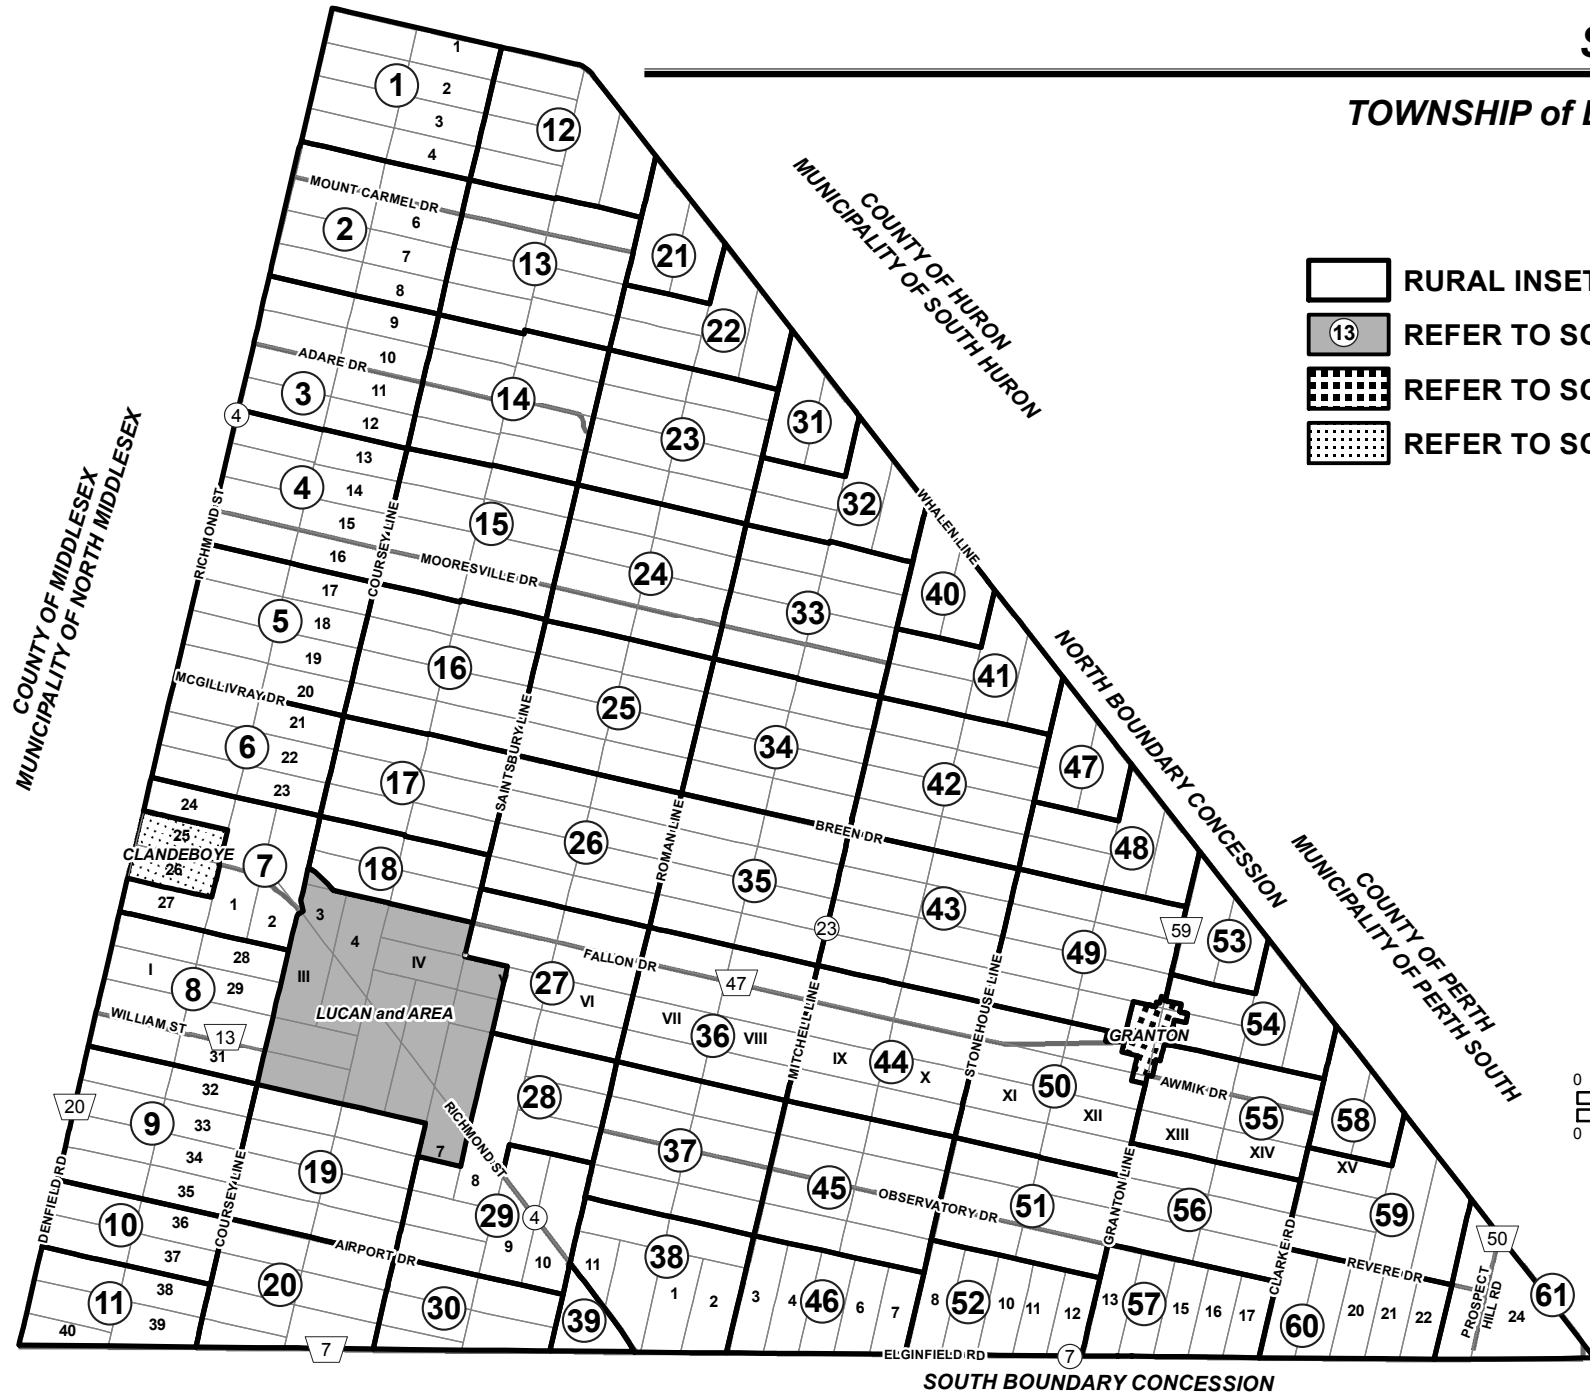

PROVINCIAL HIGHWAYS:

Minimum setback requirements for buildings and structures; the number and size of signs; and the number, location, width and spacing of entrances within 45 metres (150 feet) of the limit of a Provincial Highway are the jurisdiction of the Ministry of Transportation. Application for building permits will not be issued for buildings and structures on lands lying within these areas without the necessary permits having first been obtained from the Ministry. The jurisdiction of the Ministry does not apply, however, to lands lying along Highway No. 4 (Richmond Street) within the former Village of Lucan. In this area, Highway No. 4 constitutes a 'connecting link', in which case, the Municipality regulates minimum setbacks for buildings and structures, signage and entrances.
