Township staff will review each application and determine if it meets applicable eligibility requirements listed. Township staff may reach out to the applicant to clarify application, project, or eligibility information to support this review process. Grant application(s) that are deemed ineligible will not be shared with the Community Economic Development Committee for review and consideration.

The Community Economic Development Committee will review eligible applications and evaluate each application and make funding allocation decisions.

Municipal staff will notify all applicants of final funding decisions within 4-6 weeks of the Committee's decision. Successful applicants will be notified and provided the amount of funding they have received, requirements for permits and approvals, and any other considerations related to the grant funding.

When an application is deemed not eligible or not funded, the reason(s) will be shared with the applicants to help inform future grant applications.

The following conditions apply:

- Notice of receipt of a grant does not imply approval of municipal permits and other permissions.
- Grant funds will be disbursed upon completion of the project and final report.
- Successful applicants may be required to put additional measures in place to ensure the safety of project participants. This may include a requirement for adequate liability insurance, depending on the nature of the project.
- Neighbourhood Grant Program recipients must acknowledge the support of the Township on all promotional materials that relate to their project and as otherwise determined by Township staff.
- Grant funds must be used as per the approved grant application. Any significant changes to the original grant application must be discussed with and approved by the appropriate Township staff prior to implementation. If the proposed changes are acceptable, the grant funding may be revised to reflect the changes. If the proposed changes are not acceptable to the Township, approval may be revoked and grant funding will not be forwarded to applicant or the applicant will be required to return any grant funding already provided. Failure to seek approval from the Township for any changes from the approved grant application may result in ineligibility for future funding or the need to return any grant funding received.
- Projects must be completed within one year (12 months) of receipt of funding. Extensions may be provided for extenuating circumstances.
- Upon completion of an initiative, grant recipients are required to connect with Township staff within 30 days to provide notification of completion.
- A final report will be required to be submitted 30 days after completion and receipts of expenses incurred.
- Submission of a grant application does not guarantee the applicant will receive full or partial funding.
- Grants should not be considered renewable in subsequent years.
- All grant opportunities are contingent on the allocation of funding as part of the Township's budget process.
- Funding will be released upon approval of the Final Report.

If all available funding for the Neighbourhood Grant Program is allocated before the end of the year and no additional funding can be sourced, a notice will be posted on social media and on the Township website to advise prospective applicants that the program is not accepting any applications.
